Dear Norma I. Love Foundation:

I had the unique opportunity to visit Fuerte Mocerón in December 2006 as part of a quick tour of Honduras while temporarily deployed to Soto Cano Air Base in Comayagua. While visiting that airfield, we had the pleasure of meeting Norma, and she struck me as somebody who whole-heartedly loves the people of the Mosquitia and devotes every drop of her energy toward looking out for them. After Hurricane Felix recently troubled Honduras and Nicaragua, I guessed that donating to her foundation is probably a way to help from afar that might have an impact more quickly and efficiently than some larger aid organizations. I hope this gift can help the people of the Mosquitia to rebuild their plantations and repair or improve their lives in other ways.

Good luck and God bless,

Nicholas V. Zorn
